Adrian Santos -1st District  
4510 Magoun Avenue  
East Chicago, IN 46312

**SUBJECT: Access Agreements for USS Lead Superfund Site**

Dear Councilman Santos:

The U.S. Environmental Protection Agency is asking for your help. We have been trying to get signed access agreements from a number of properties in the area to sample and have not been able to reach some of the residents. If you can help us, it would be appreciated. When talking with community members, perhaps you can ask if they have returned an access agreement and also put the enclosed access agreements in a location available to community members.

The boundaries of the properties we are trying to get agreements for are shown in the map on the back of this letter.

The access agreements can be returned to me at my address below or brought to the Field Office at 1015 E. 149<sup>th</sup> Street, East Chicago.

Thank you for your assistance.

Sincerely,

Janet Pope
